Problem

Consumers for the most part pay more than they have to for travel related services.

Pricing is highly volatile and inefficient.

The majority of businesses have no control over lodging rates.

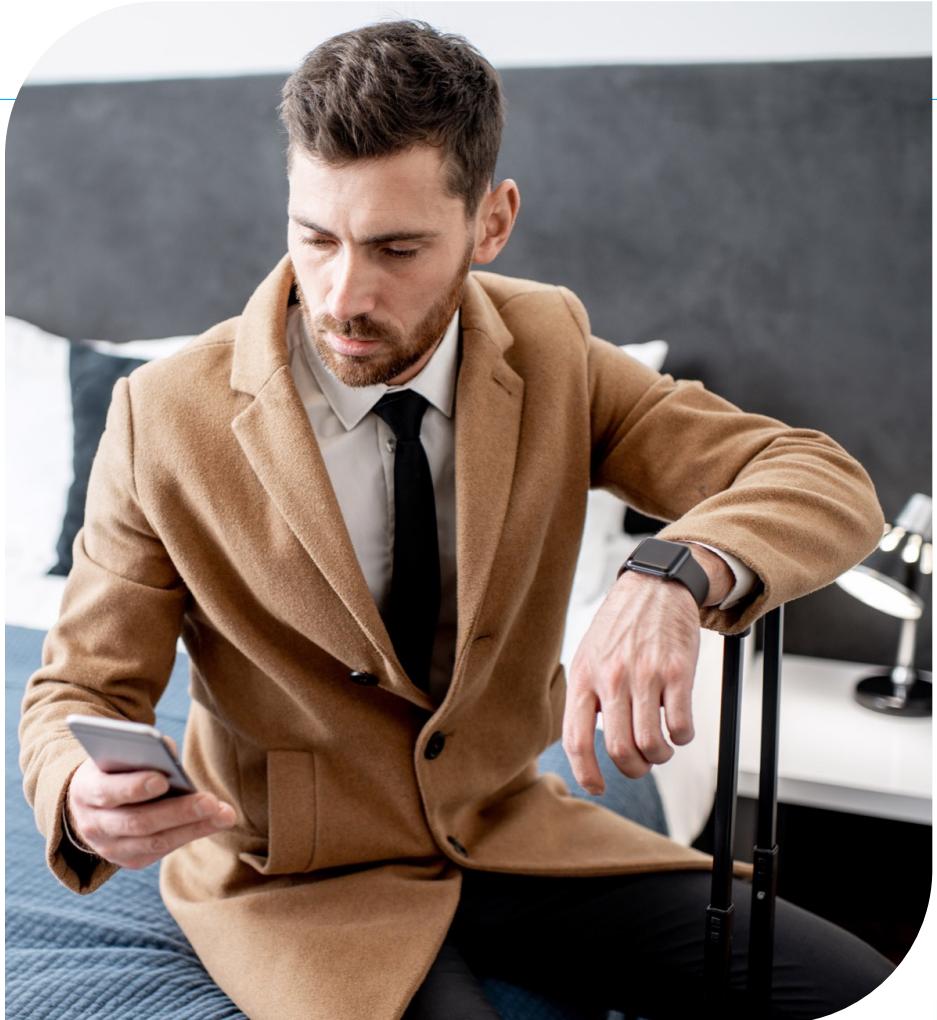

Billions in inflated hotel rates annually.

Lack of flexibility translates into higher costs

Prices charged are not correlated to supply-demand

The Solution

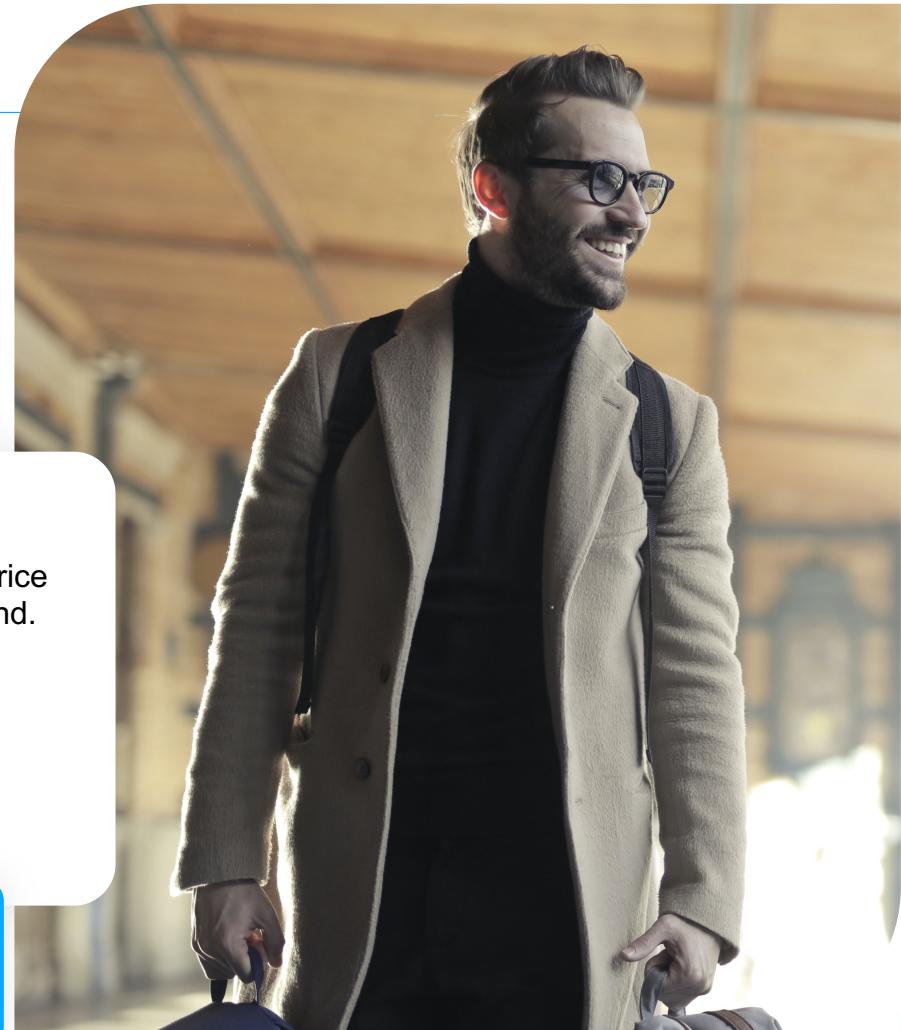

A **digital platform** where customers can have a fixed price guarantee for their travel related purchases all year round.

One-stop shop payment solution for multiple stays & destinations at predictable **guaranteed prices**

Case Study: Saint Gobain

Saint- Gobain (Designs, manufactures and distributes materials and solutions:

- Before Noktos**
- Different agreements/suppliers.
 - Constant variation in hotel room rates.
 - Multiple billing and invoicing
 - Deficient budgeting that may reduce cash flows

After Noktos

- One stop shop payment-travel solutions
- Predictable fixed prices
- A single centralized invoice.
- Certainty in budgeting of travel expenses

"Keeping track and control of what we needed was practically impossible, we could not reconcile bills and stays due to the delay of the hotels; in addition, the budget that we had set could not be met because of unpredictable and constant changing rates."

Go-to-Market

Go-to-Market Strategies

Initial Focus - Leveraging on our current and past business experience; Mexico, LATAM and the Americas

Supply side: Already have Access to over 750K hotel properties worldwide via GDS

Demand side - B2B:

- Strategic Partnerships: Hotels, tour operators, and travel agents, rev, share, yielding a low CAC since they are looking for additional revenue streams

Direct Sales:

- Directly contacting SMEs with heavy travel, leveraging our vast network of existing connections from our previous venture. Traveler-first approach - better experience works to benefit both the traveler and the client relationship, helping retain customers

Demand side - B2C:

- Partnership with hotels - offering Noktos on their sites as a "Travel as a Service" subscription for heavy travelers (rev share) Social media, digital marketing, SEO, etc. (future)
